

The Yacht Practice

The Yacht Practice

About Us

Our Yacht Practice is recognised as a leading provider of yacht and superyacht casualty management and claims services for the international insurance industry.

With offices in key locations around the world, and long-standing relationships with experts in the more remote cruising areas, we strive to provide the highest possible level of service to our clients whilst ensuring the cost effectiveness of our involvement.

Our team of highly qualified claims managers and surveyors has an unparalleled level of expertise and experience in the context of marine insurance and superyacht operations; in this regard, several have served on board, and possess extensive knowledge regarding, a wide range of pleasure-craft. These qualities allow us to achieve excellence in delivering our core services of Claims Management, Casualty Management, Surveying, and Adjusting.

Our Services

Tailored to suit the needs of our clients

Casualty Management

Around the clock assistance in the event of a casualty.

Claims Management

Full end-to-end claims management; receiving first notification of a loss, carrying out a survey, preparing an adjustment, proposing a settlement amount (where appropriate) and assisting with a subrogated recovery (where appropriate).

Adjusting

Advice on policy interpretation and application in the context of a submitted claim.

Cost Analysis

Review of estimates and invoices submitted in support of a claim.

Surveying

Pre-risk, condition, marine warranty and damage (including causation investigation) surveys.

Key contacts

Felix Evans

Claims Manager, Yachts

T: +44 20 7398 5309
M: +44 7826 513600
E: felix.evans@charlestaylor.com

Felix joined CTA in 2015. He started in the insurance industry in 1985 and undertook a variety of roles including Cargo Claims Handling, Cargo, Hull and P&I underwriting. He has worked abroad for extended periods of time in the insurance markets of Canada and Asia, but most extensively in the Middle East where he managed the marine business for the region on behalf of a UK composite insurer. In recent years he has specialised in yacht claims handling, with a particular emphasis on the management of large incidents.

David Boghurst

Claims Manager, Yachts

T: +44 20 7398 5348
M: +44 7788 383 704
E: david.boghurst@charlestaylor.com

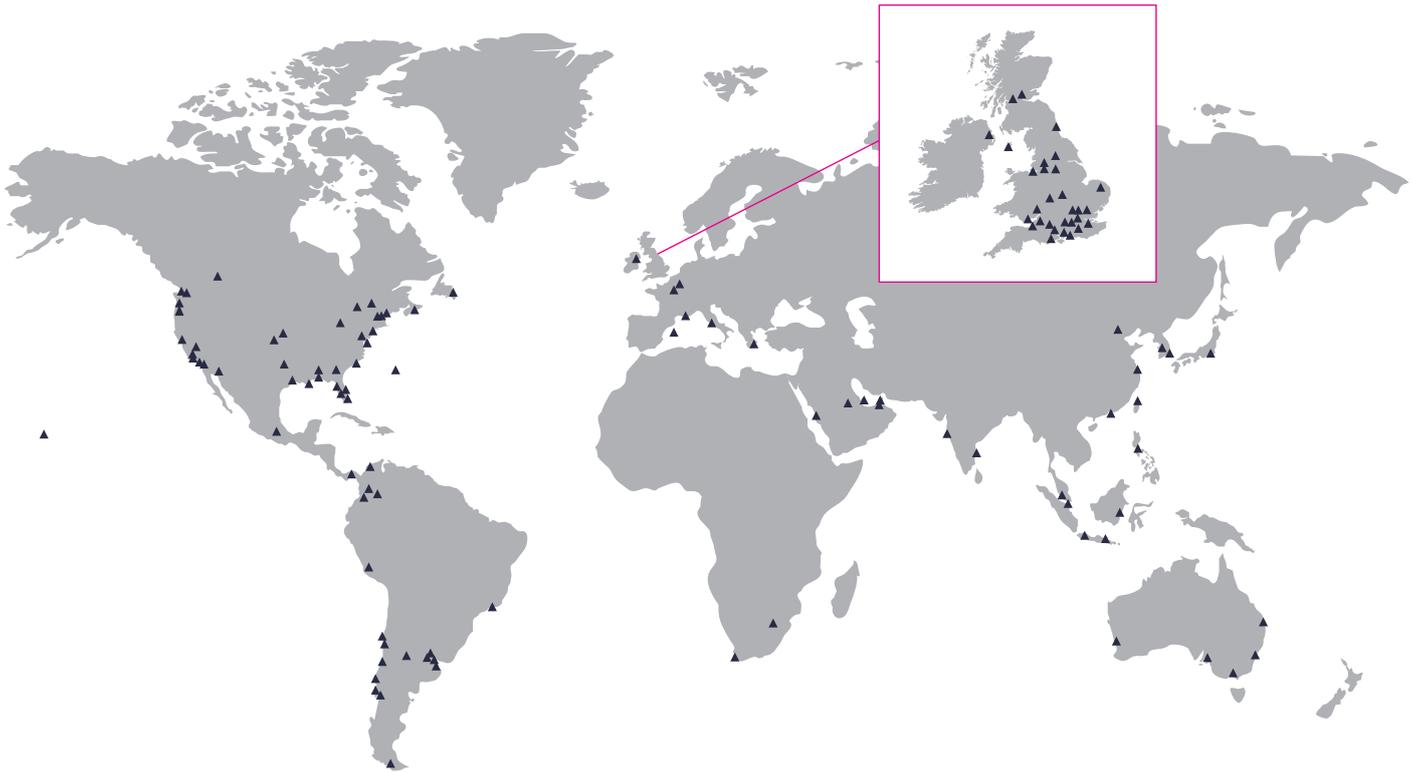

David joined CTA in 2016. He qualified as a Marine Surveyor (DipMarSur) in 2015 with Distinction and holds a degree in Maritime Business Management. After Graduating from University, David served on yachts in the capacity of both Officer and Master in his early maritime career. During his time at sea he sailed to a number of exotic and sometimes remote cruising areas with maintenance periods in some of the world's major yacht refit centres. He came ashore in 2013 and began his claims career in a post as a Consultant at a pleasure-craft underwriter dealing with high value and complex claims. David has lectured on marine fire safety and collision regulations at Lloyds and other market seminars. He is a full member of the Institute of Marine Engineering Science and Technology (IMarEST) with registration as a Registered Marine Technologist (RMarTech).

About Charles Taylor Adjusting

Charles Taylor Adjusting (CTA) is one of the leading loss adjusting businesses in the market. We focus on commercial losses and claims in the aviation, marine, natural resources, property, casualty, technical and special risks markets, many of which are large and complex in nature. CTA is a business of Charles Taylor.

Charles Taylor is a global provider of professional services and technology solutions dedicated to enabling the global insurance market to do its business fundamentally better. Dating back to 1884, Charles Taylor now employs over 3,000 staff in more than 120 locations spread across 30 countries in Europe, the Americas, Asia Pacific, the Middle East and Africa.

Charles Taylor believes that it holds a distinctive position in its markets in that it is able to provide professional services and technology solutions in order to support every stage of the insurance lifecycle and every aspect of the insurance operating model.

Charles Taylor serves a diversified blue-chip international customer base that includes national and international insurance carriers, mutuals, captives, MGAs, Lloyd's syndicates and reinsurers, along with brokers, distributors and corporate insureds.
