

# 24/7 offshore and onshore medical management

## Optimal medical and healthcare assistance

Charles Taylor Assistance provide a unique range of end-to-end offshore, onshore and Subsea medical services to the energy and marine sector.

We optimise patient care and operational efficiency enabling you to eliminate risks and reduce costs.

Charles Taylor Assistance offer over 50 years' experience of providing services in remote and challenging environments.

We work closely alongside a number of key occupational health partners to provide the best integrated medical and healthcare solutions possible.

We have a wealth of capabilities; from trauma expertise, remote incident, hyperbaric and emergency response to repatriation, occupational health services and legislation. This enables us to create the right solutions for all your Subsea, offshore and onshore needs.
